

## CLUB KIT

Below is the Size guide for the Jersey and Pricing information.

### Package Price

**Full Package: Reversible Jersey, Shooting Top, Bag and Tracksuit £130.00**

### Size Guide:

It is very important that you follow the below measurement instructions given here and **do not** guess what sizes the player/child requires as everything is custom made to order so it cannot be replaced or resold if the parents have made a mistake.

Do NOT go off existing size labels as different companies use different sizing.

Do NOT measure the child itself.

Only measure for the kits as described below...

### **Measuring Instructions:**

Measure an item of clothing the child/player already owns (preferably a basketball jersey), that they know fits the child/player, how they would like the kit to fit, from armpit to armpit like this below, and match it to the size on the chart.

Example: As you can see, the picture to the left measures 22" (inches) so it will be a size L that you need.

### **The sizes are as follows... measurement in inches:**

- YS - 14" armpit to armpit
- YM - 15" armpit to armpit
- YL - 16" armpit to armpit
- YXL - 17" armpit to armpit
- S - 18" armpit to armpit
- M - 20" armpit to armpit
- L - 22" armpit to armpit
- XL - 24" armpit to armpit
- 2XL - 26" armpit to armpit
- 3XL - 28" armpit to armpit

There is no need to worry about measuring for the shorts, these are designed to fit perfectly with the jerseys and have an elastic waistband and drawstring which will give you plenty of flexibility both ways.

These measurements will be accurate to .75" so if you're unsure, or your measurement falls between 2 sizes e.g. 21" Then always go to the size up rather than down, especially as you are having reversible kits so they are double thickness.
